

Domingos Soares Franco is the younger brother in the sixth generation of the family that has run José Maria da Fonseca since its foundation in 1834. As both Vice-President and senior winemaker of the company Domingos has become a prominent figure in the field of Portuguese winegrowing. This status is not derived solely from his connection to this prestigious Vila Nogueira de Azeitão company. It is also from the fact that Domingos was the first Portuguese to graduate in Fermentation Sciences from the University of California in Davis, USA. This achievement is important in the influence it has had on his view of vines and wines: although intending to maintain the distinctive features of Portuguese wines he is constantly looking to the future, seeking innovation wherever possible.

Although all José Maria da Fonseca's wines are of his making, some are particularly special to him. Labelled "Domingos Soares Franco Private Collection".

Vintage Information

TYPE OF WINE: Red

VINTAGE: 2017

GRAPES: Cabernet Sauvignon (60%) | Malbec (40%)

TYPE OF SOIL: Clay-lime

WINEMAKER: Domingo Soares Franco
