

0%RIGINAL

José Maria da Fonseca was a pioneer in terms of creating the first Portuguese alcohol-free wines. The brand 0%riginal was created in order to reflect the benefits / characteristics of the product itself. A real, authentic wine (original) without alcohol (<0.5%). 0%riginal gives you the complete wine experience without the alcohol.

Produced from the grape variety Moscatel de Setúbal fermented at low temperatures, the alcohol is gently removed by a physical process while preserving the wine's delicate aromas and flavors.
